MEMORANDUM FOR RECORD

SUBJECT: FCDA Meeting

1. This morning, I called Ted Babbitt about the meeting proposed in the Val Peterson letter. We agreed that he would explore with Mr. Peterson's office as to whether this meeting could be set for April 30th. I told him that Mr. Clark would represent OSI, and would be accompanied by Dr. H. P. Robertson, who served as Chairman of the Panel. (b)(3)

2. I suggested that, if Governor Peterson himself was to be present at the meeting it should be held in his office, but that if he designated somebody it might be more appropriate to have it here in OSI. Mr. Babbitt will try to give me an answer on this today.
